Dear Evey,

Ramsey will start the final stretch of the campaign on the 19th of June in Austin. After that he will be traveling extensively and working on meeting as many people personally as possible. Already substantial door-to-door campaigning has started in various parts of the state, and plans are to start in every town where we have people willing to help by mid-July.

As you can well imagine, this kind of an effort will require massive amounts of printed material. We need your help. Presently we have a great many things at the printers, and we need some help in paying for them. Would it be possible for you to send a small contribution to help us out?

Our records indicate that earlier in the campaign, you made a pledge to contribute \$50. If possible, could you send all or part of that? Each dollar you send will buy 90 brochures, or 11 buttons, or 4 posters, or 2 gallons of gasoline. Please give us a hand, and be as generous as possible.

Sincerely,

Carlos R. Guerra
Campaign Manager
